Guide to Tuesday's Election

Tuesday is election day. Polls will be open 7 a.m.-8 p.m. Everyone eligible to vote should have received a sample ballot. With the ballot is a card with the address of the polling place.

There are a lot of issues on this year's ballot — but not a record. But there are enough for many voters to need guidance. Here, is this election's recommendations:

President	Gerald R. Ford
U.S. Senate	Sam Hayakawa
U.S. Congress (41st. Dist.)	Bob Wilson
(42nd. Dist.)	Lionel Van Deerlin
State Senate	Wilson-Schrade — No choice
State Assembly (77th. Dist.)	Jim Ellis
(78th. Dist.)	Al Couppee
(79th. Dist.)	Pete Chacon
County Supervisor (2nd. Dist.)	Walt Kenrick
Grossmont Hospital Board (Pick 3)	Adrian Jameson, William Mayer, James Polak

STATE PROPOSITIONS

Prop. 1 — Low income housing. No cost to taxpayers	YES
Prop. 2 — Tax paid park land. Government now owns more than half of all state land.	NO
Prop. 3 — Tax paid air conditioning, heating	NO
Prop. 4 — Require competitive bidding for U. of Calif. construction, purchasing, selling.	YES
Prop. 5 — Higher interest rates	NO
Prop. 6 — Gives governor more time to veto	NO
Prop. 7 — Requires judges to face charges	YES
Prop. 8 — Affects manner of choosing school superintendents—but not in San Diego County.	YES
Prop. 9 — Require legislative approval when governor appoints replacement to elective post	YES
Prop. 10 — Returns property tax to local government when boundaries are in more than one county	YES
Prop. 11 — Technical change. Protects taxpayers if assessed value ratio is changed.	YES
Prop. 12 — Low interest loans for home insulation or solar heating. Puts state in another business	NO
Prop. 13 — Greyhound race bets. Races now legal. Betting isn't. Yes would put funds in youth athletics, aid for seniors, handicapped	YES
Prop. 14 — Unlimited funds for farm agency that has reputation for overspending	NO
Prop. 15 — Better chiropractice training	YES

COUNTY PROPOSITIONS

Prop. A — Aligns supervisor candidates residency with State Supreme Court ruling	YES
Prop. B — Combines offices of Treasurer and Tax Collector to cut cost of operation	YES
Prop. C — Limit county elective terms to 3 (12 years) Average term now is 10½ years without restriction	YES
Prop. D — Employ independent contractors where cost saving and efficiency is indicated.	YES
Prop. E — Takes away veterans' points for Civil Service jobs	NO
Prop. F — Removes preferential points for civil service employees	YES
Prop G — 1,000 houses for low-income families. To be privately built and privately owned	YES
Lemon Grove School Board (Vote for 1) (Best 3, alphabetical)	Chubb, Lake, Pennell
La Mesa-Spring Valley School District	No election
La Mesa Reorganization	YES

Affects only those north of Hghwy 94. One reason for "yes" is to regain fire protection which ended when the Board of Supervisors decided not to allot funds for State Forestry fire service. "Yes" would put the Vista La Mesa unincorporated area into the City of La Mesa boundaries, with all services.

SPRING VALLEY PARK Spring Valley Park Maintenance YES
Makes Spring Valley eligible for more parks if residents agree to provide upkeep and operation.

CANDIDATE FOR VICE PRESIDENT — William Dyke, left, nominee for vice president on the American Independent Party, was in Lemon Grove Monday as he toured the county visiting newspapers.
Dyke, an attorney, was mayor of Madison, Wisconsin, in 1969-71 and 1971-73. In 1974 he ran for governor and won 46 per cent of the votes but lost the race. Dyke is the running mate of presidential candidate Lester Maddox, former governor of Georgia.
In the photo with Dyke is Armin Moths, member of the AIP central committee. The Party is expected to draw about 15 per cent of the votes because it gives a choice beside Ford and Carter without losing the vote as it would be if cast for Ronald Reagan.

READY TO SPOOK — Billy Bourne (clown) and Kelly Brown of Spring Valley test out Spring Valley Park and Rec.'s "Spook House" Sunday from 5:30 to 8 p.m. All costumed children 12 and under will be haunted free at the house at the Park and Rec. office on Jamacha blvd., then escorted across the street for a free McDonald's hamburger. See Page 3 for a wrap-up of other local Halloween happenings.

Flu Shot Clinics Open Amid Public Doubts

By John Kowalczyk

Mass swine flu immunization clinics opened Saturday in San Diego county amid continuing doubt about the value of the national program.

Special clinics will operate through November 6 in San Diego County. One will be at Mt. Miguel High School, 1800 Sweetwater rd., this Sunday, October 31, 2 to 4 p.m.

The national inoculation program came under suspicion when 35 of an early group of recipients died shortly after receiving the shot.

Medical personnel and experts in the field of influenza have publicly dispelled the rumor that any of the deaths were directly associated with the vaccine, but doubts nonetheless remain for many as to whether the shot is worthwhile.

Dr. Donald Ramras, assistant director of public health for San Diego County, is convinced that it wouldn't hurt.

"Influenza can be serious to anyone," he says.

"The flu virus changes its characteristics every year. It happens that the swine flu strain is a major change. If this particular strain gets around, more than would normally be expected in a flu season will contract the disease, and more will likely die from it."

Why the Fuss?

Evidence from medical sources, Ramras said, shows that the swine flu strain discovered this year in an outbreak at Ft. Dix, New Jersey, seems closely aligned to the same virus that killed several hundred thousand Americans and millions worldwide in 1918 and 1919.

It is not known if the Ft. Dix strain is precisely the same virus that caused the 1918 epidemic, Ramras said.

Every year, the elderly and chronically ill are urged to get flu shots. Many wonder why all the special national attention to this strain this year.

No similar outbreak has occurred since the Ft. Dix cases —numbering in the hundreds with one fatality — which struck the military base in February.

Experts Differ

Adding to the uncertainty about the inoculation is a difference of viewpoints between two of the nation's leading experts in vaccine technology.

While Dr. Jonas Salk advocates mass immunization, Dr. Albert Sabin thinks it is somewhat wasteful unless another outbreak occurs.

Salk, a pioneer in the development of polio vaccine, thinks the shot is a worthy preventive because swine flu will spread sooner or later. Influenza viruses have recycled themselves, medical history shows.

A problem with Salk's philosophy, says Ramras, is that shots are effective for little more than a year. If the virus breaks out next year, it will be necessary for those inoculated to get a booster shot.

Sabin, who developed an oral form of Salk's polio vaccine in the early 60s, thinks it best to set up the mass shot clinics after a swine flu outbreak.

The obvious shortcoming to Sabin's philosophy is that human illness and sometimes death preclude knowledge of an outbreak.

Seniors, Chronic Ill

The County's assistant health director recommends that all senior citizens 65 and over and all chronically ill take the shot by all means. Those between ages 18 and 65 " should search their conscience," he says.

Those under 18 are not being offered the swine flu shot because researchers are not certain of the shot's effectiveness on persons in that age group.

"I'm going to take the shot for two reasons," Ramras said. "One: It's an ounce of prevention. Two: I know from past inoculations that I am one of the 98 per cent of the people who don't get a reaction to flu shots."

Reactions

People allergic to eggs should avoid the clinics because the vaccine is grown in eggs.

Severe reactions to the vaccine are rare, according to a California Medical Association spokesman. The minor side effects are swelling, redness and tenderness in the area of the shot.

The disease itself is a respiratory ailment characterized by fever, chills, headache, a dry cough and soreness in the back, arms and legs.

It can lead to more serious complications such as pneumonia which took the life of the sole fatality in the Ft. Dix outbreak.

The County encourages people who want further clinic scheduling information or have questions about the illness or the vaccine to call the direct flu information number: 236-2227.

Rotary Rummage Sale Postponed

The Lemon Grove Rotary Club's rummage sale has been postponed.

Club president John Factor said Monday that an insufficient amount of items had been collected to make the sale worthwhile.

The club had announced last week that the sale would be Saturday on the Factor auto lot at the west end of Broadway.

Another sale will be attempted after Christmas, he told club members.

E. Younger Hosts San Diego Press

California Attorney General Evelle J. Younger was host Friday to area newsmen at an informal luncheon in the Attorney General's office in the State bldg. on "A" st. in San Diego.

Younger's informal answers to newsmen ranged from the homosexual vote in San Francisco, through the massage-prostitution problem in San Diego and newsmen's right guaranteed in the First Amendment of the U.S. Constitution.

The lunch consisted of roast turkey and roast beef, salad, vegetable and dessert.

It is Younger's custom to host newsmen once each year. 25 attended this year.

Clubs, Donors Save Satellite Lunch Program

Charitable donations and fundraising efforts saved the Spring Valley Satellite Nutritional program recently, according to Project Manager Lynda Pflueger.

The Satellite hot lunch program at Lord of Life Lutheran Church, 950 Luther ave., Spring Valley needed $1,200 to stay in operation until a federal grant was obtained this month.

Funds were donated by the Spring Valley Community Aid, Inc., Lemon Grove Kiwanis, Lemon Grove Congregational United Church of Christ, Lemon Grove Methodist Church and several community members who wished to remain anonymous.

A grant under Title VII of the Older Americans Act will permit the Spring Valley program to continue through June 30, 1977. Prospects are good, Pfluerger said, that the grant will be renewed next fiscal year.

The satellite, a year old, was funded entirely by individual and group contributions during its first year including $4800 in aid from the County Charitable Employees Organization.

The Lemon Grove program is based at the Lemon Grove Community Center, 3146 School ln.

The project at both sites provides nutritious hot lunches to senior citizens, 60 years of age or older. Social services include information and referral, shopping assistance, nutrition educational programs and recreation activities.

Storm Total is .95

Last week's rainstorm, alarmingly heavy in some parts of the county, produced .95 of an inch of rain here.

For three days, Thursday through Friday, the recording was .32, .38 and .25.

The storm brought the season total to 2.78, well above last year's .13 recorded by the same date.

Rain season starts July 1.

Opponent Gets $5,300 Wrongfully Says Moore

Lucille Moore, candidate for supervisor, 2nd. District, charged Monday that her opponent—Walt Kenrick — benefitted from the expenditure of $5,369 by the Committee for Responsible Government. The figure, she said, was from a statement filed Friday with the Registrar of Voters. Previously, the amount was reported to have been $444.

CfRG is made up of county employees, Moore said, and the report contained 21 pages with the names of 207 probation workers who contributed an average of $54 per employee ($11,178) although 85 per cent of the total live outside of the 2nd. District.

Both the County Charter and a County Ordinance specifically prohibit such contributions, she said. It prohibits a county employee contributing to campaigns of other county employees.

On May 21 Superior Court Judge Douglas R. Woodworth upheld that section of the law after F. James Bear, an attorney and former County Supervisor, representing Kenrick, filed suit, Moore said.

"The purpose (of the law) is to guard against corruption or the spoils system," Judge Woodworth ruled.

Moore charged that the Public Employee Assn.'s newspaper reported PEA had allocated 75 cents for each member for participation in supervisorial campaigns. There are 11,000 County employees. Not all belong to the Assn.

Moore said that as of Monday, she had no evidence that PEA had spent any money on county candidates.

She said she was not opposed to county employees—just against lawbreaking.

Mt. Miguel Band Is County Rep. In Rose Parade

Lemon Grove and Spring Valley get national television exposure on January 1 next year, thanks to the talent of the Mt. Miguel marching musicians.

The Matadors band was chosen Saturday to represent San Diego County in the New Year's Day Rose Parade in Pasadena. It will be the eighth time the band has appeared in the Rose Parade.

The decision was made at the Autumn Band Review in which 21 county bands competed. The Matadors, under the direction of Dean Immel, placed first in the review held in Rancho Bernardo Saturday.

Helix High placed second in band competition.

Mt. Miguel's Military Drum Major Michele Linn was judged best in the competition while Helix High's drill team won first place in showmanship.

Andreen Offers Novel Program For Tax Relief

Phil Andreen, Candidate for Assembly in the 79th Assembly District, has proposed a novel approach to providing property tax relief to Senior Citizens.

Andreen would introduce legislation giving Senior Citizens the option of paying for their property taxes and other taxes by performing community services.

"It is a shame when Senior Citizens want to, and are able to contribute to society, that no one seems to want to use their services. My approach would permit them to continue to be contributing members of society and also get tax bill credit."

Andreen also noted that immediate property tax relief was necessary. He proposes legislation which would require an immediate reduction in property taxes, which would gradually limit property taxes to support property-related services (such as police protection), to freeze home assessments, to require 2/3 vote of the legislature to increase taxes, to limit property tax to a given percentage per $100 assessed valuation, and to increase the homeowner exemption.

HOUR COMING — Mary Jo Byrne, Miss Lemon Grove, reminds everyone to turn clocks back one hour to mark the return of Standard time which officially begins at 2 a.m., Sunday, October 31.

LM Mayor Fordem Endorses Kenrick

The Walt Kenrick campaign received a boost with the announcement that Paul Fordem, Mayor of La Mesa has endorsed Kenrick for Supervisor.

Fordem said, "Kenrick has done an excellent job of speaking to issues that are of great concern to our citizens. He has shown that one of his finest qualities is an ability to serve as a moderating voice on our Board of Supervisors if he is elected. We need his common sense solution to problems. I am pleased to endorse Walt Kenrick and to urge others to join with me on November 2nd."

Kenrick, lieutenant in the Sheriff's Department, has been a long time resident of La Mesa.

In addition to the Fordem endorsement, Kenrick has also received the unprecedented endorsement of 16 former opponents from the June Primary election.

Ten Helix Students Earn National Honor

Ten Helix High School students were awarded the National Merit Scholarship Program Letter of Commendation recently, according to Dr. Robert E. King, principal.

The recipients were Jacqueline Aldrich, Bill Firtch, Jennifer Kawar, Jamie Klein, Timothy McNichol, Mark Nielsen, Joshua Romanelli, Mark Smiley, Susan Vance and David Wallace.

Letters were given for outstanding performance on the Preliminary Scholastic Aptitude Test and the National Merit Scholarship Qualifying Test. Student scores placed them in the top two per cent of the nation's high school senior class.

Helix students Mike Lehmann, Larry Nielsen, Joel Pease and Jean Richter will advance to the Semi-finals. They will compete for the National Merit Scholarships.

Lutherans Vow Strong Stand On Social Issues

A pledge to step "boldly and firmly into the Third Century" of American life was taken by delegates to the eighth general convention of the American Lutheran Church held in Washington D.C. earlier this month.

Guidelines for action came in a "Manifesto for Our Nation's Third Century," which asserts that the church "seizes with joy the challenge to fulfill the objectives of the Constitution, the Declaration of Independence, and our vision for the nation."

Delegates recommended "immediate and unconditional pardons" for "non-violent resisters of the Vietnam War."

General approval was also given to plans for a new hymnal and service book to be be prepared by the ALC and other Lutheran organizations.

Approval of the Manifesto came despite reservations expressed earlier by Rep. Albert Quie, R-Minn. who had served on the 18-member commission that prepared the Manifesto.

His reservation came, he said over a section that calls for ALC involvement in "the social systems and structure, so that these become more responsible to God's will for the world."

Despite his reservations, the conventioners approved the manifesto by a strong voice vote.

Six Local Classes Taught Through Grossmont College

Six courses offered by the Grossmont College Community Education office will be conducted at various locations in the Lemon Grove Spring Valley area through January.

A brief description of each follows:

School Principal Is Outdoor Fan

by Ann Mudd

Palm Junior High school has a new principal this year. Stewart Fisher succeeds long-time principal Hal Brogan who retired in June.

Principal Fisher, 35, born in Bell, is a third generation Californian. While serving as a playground director at a school in Downey he decided to become a teacher and earned his bachelor's and master's degrees in art at Whittier.

His first teaching position was in Newport Beach where he became assistant principal. Later, he was principal at Grant Junior High in Reedley, near Fresno, for three years. Then here.

Fisher has been vice chairman of the Assn. of California School Administrators, Central Section, involving more than 500 junior high school officials.

He was also vice president of the Assn. of Administrators for elementary and junior high school personnel in Fresno. There, too, the membership topped 500.

The Fishers have a daughter 3½ years old and a son, 5 months.

An outdoor enthusiast, he likes water skiing, boating, camping and dirt-biking.

In Reedley, he was an active member of the Lions club.

Free Halloween Hamburgers Set

All children wearing a costume are invited to a free trip through a Spook House recently built at the S.V. Park and Rec. office adjacent to the S.V. Park.

Visiting hours are 5:30-8 p.m. Sunday.

The house is across the street from McDonald's and all who attend in costume will receive a free hamburger at McDonalds.

Youngsters will be escorted across the street by Sea Caps and R.E.A.C.T. members.

Note of Thanks Follows Visit

Mrs. Fowler's grade 2 of the Golden Avenue school visited the LEMON GROVE REVIEW last week on Tuesday.

"Thank You" notes, made into a book, were signed by Monica, Ann, Susan, Scott, Christine, Donald, Marcon, John, Billy, Shawn, Chris, Tammy, Betty, Rachelle and Mari Jo. Most of the notes had pictures drawn by the students. The pictures were real good. Some did not have pictures. Some notes were not signed.

The editor of the newspaper says "Thank You for coming."

Home Tour to Aid Hospital Group

A House Tour in Mission Hills, sponsored by University Hospital Housestaff Wives club, will be offered on November 13, 12-4 p.m.

Proceeds from the tour will go to the club's philanthropies.

The tour will start at Pioneer Park at Washington place and Randolph st. in Mission Hills, according to Mrs. Reid Goodman, president of the group.

Refreshments to the background music of a mariachi band will be offered at the park which is near one of the tour homes.

Costume Party at L.G. Guest Home

Miller Guest Homes of Lemon Grove is holding its first annual "Costume and Mask Halloween Party," Saturday, at Skyline Terrace Residential Care Facility.

Clients as well as staff and administration will participate in the celebration. Gift certificates from College Grove Shopping Center will be awarded to three participants for funniest and scariest costumes, and best-all-around mask. The winners will be chosen by fellow residents.

Entertainment will be provided by Spring Valley's Lynn's School of Dance. San Diego State University Kappa Delta Sorority are volunteers.

LG-SV Neighborhood Halloween Events Listed

By John Kowalczyk

"Come in costume,
Come in none.
Bring the family
And have some fun . . ."

That's how one neighborhood school is promoting its annual Halloween event this year. Schoolground carnivals are a tradition all over the Lemon Grove-Spring Valley area thanks to PTA's, student councils and active school personnel.

This year is no exception because nearly every neighborhood school is offering a special activity related either to

Halloween, the harvest season or both.

Here is an alphabetical rundown of local school events:

Avondale Elementary
8401 Stansbury, SV

Carnival is held on Saturday, 4 to 8 p.m. featuring food and game booths, all for either 5 or 10 cents. Hand-crafted prizes were constructed by the PTA.

Bancroft Elementary
8805 Tyler, SV

Teacher Ed Moss promises to take a turn as the target in a sponge throw booth at the Saturday carnival, 5:30 to 8:30 p.m. Hot dogs and chili are sold.

Casa de Oro Elementary

No events are scheduled.

Golden Avenue Elementary
School In. at Golden, LG

The carnival is held 1 to 4 p.m. on Halloween day, Sunday, with booths and food. Attractions include a "Spook House", fortune teller, a witch with a surprise, muffin toss, bingo, duck float, cake walk and a dunking machine.

Costumes will be appropriate dress.

Highlands Elementary
3131 Barcelona, SV

Children, teachers and even the principal will march in the school's traditional Halloween parade Friday beginning at 12:30 p.m. Rumors say that the school's mascot, a hoot owl, will make a rare personal appearance to promote school spirit. No carnival.

Kempton Elementary

No carnival this year, but the PTA promises a fair during the spring semester.

La Presa Elementary

No special events are planned this year.

La Presa Jr. High

A "tremendous dance" is planned for students and teachers only on Friday, 1:30 to 3 p.m., in the school library, according to a student activities coordinator.

Lemon Grove Jr. High

A dance was held Wednesday.

Monterey Heights
7550 Canton dr., LG

Principal Mike Meyer says the school's "Autumn Festival" promises to be at least on par with previous year's events. The festival, with traditional booths and refreshments, is held on the upper playground on Saturday, 11 a.m. to 5:30 p.m.

Mt. Vernon Elementary
8450 Mt. Vernon, LG

Disney Cartoons are shown from 3 to 5 p.m. Friday at the school. No carnival.

Palm Jr. High

Student Council has decided to show the film "Cat Ballou" as a special feature during the last two periods Friday.

Students will compete in a costume dress-up contest that day. Winner gets all the popcorn and coke he can eat and drink during the movie. PTA members will judge.

Rancho Elementary
8845 Noeline, SV

Carnival is held on school grounds, noon to 5 p.m. Saturday.

St. John of the Cross
8175 Imperial, LG

A costume contest for children is held during the school's carnival from 10 a.m. to 1 p.m. Friday. Part of festivities is a spaghetti dinner served in the church hall from 6 to 9 p.m. Meal donation is $2 adults, $1 children.

San Altos Elementary
1750 Madera, LG

A school yard carnival, 4:30 to 8:30 p.m. Saturday features a "Kountry Kitchen" with homemade food and arts & crafts items, potted plants, toys and canned goods. Children get winning tickets at the booths which are redeemable at a prize booth.

The PTA has been working for weeks on homemade prizes.

San Miguel Elementary
7059 San Miguel, LG

The yearly "Harvest Festival" is from 4:30 to 7 p.m. Friday with booths, hamburgers, chili dogs, chili and other refreshments.

Santa Sophia Academy
9810 San Juan, CoO

A longer than usual carnival is held Saturday from 5 to 10 p.m. featuring booths, a magic show, refreshments and a live rock band. A spaghetti dinner in the church hall is served for $2, adults, $1.25 children throughout the evening.

Spring Valley Elementary
3945 Spring, SV

Twenty-two different games are part of the fun at the Saturday carnival, 5 to 9 p.m. A

fortune teller is a new attraction this year. Others include a cake walk, fish pond and "Shoot the Flame." Hamburgers and hot dogs are served at this annual event of more than 20 years.

Spring Valley Jr. High

No events are planned.

Vista La Mesa
7101 Pearson, LG

New games boost the number of attractions to 14 at the Saturday carnival from 5 to 9 p.m. in the school yard. Tic Tac Toe, Tip the Cat, and Hoop Toss are new games of skill. Also planned are "Fishpond" and "Lollipop Tree" for the younger set.

Julep the Clown will be on hand to make balloon animals while a live dixieland band provides music from 6 to 8 p.m.

Refreshments include corn dogs, cotton candy, candy apples, and popcorn.

S.V. Woman's Club Plans Annual Bazaar for Charity

The Spring Valley Woman's Club will join with the Junta de la Noche (evening section) to present the clubs' annual bazaar November 10 from 9:30 a.m. on.

The bazaar is open to the public and will be at the Memory Lane Center, 9062 Memory lane, Spring Valley.

Booths will offer arts, crafts, candy, pies, Christmas items, jewelry, plants and opportunity drawings. Door prizes will be awarded.

Proceeds will benefit area scholarships, gerontological and youth activities and community programs.

Mrs. May Williams is chairman.

Luncheon will be served at the bazaar.

This Week's RECIPE

Halloween Pop Corn Treats

Pop corn is one of America's popular foods. Each of us munches an average 31 quarts of the fluffy stuff every year, according to national statistics.

While most people eat it with a little butter and salt, the holiday snack season calls for more elaborate preparations. Here are two mouthwatering ways to make a tasty batch of pop corn even more irresistible.

White or yellow varieties can be used in the recipes. Both snacks are excellent complements to a Halloween party.

CHEESE CORN
3 quarts popped corn
½ cup butter or margarine
½ cup grated American or Parmesan cheese
½ tsp. salt

Spread freshly popped corn in a flat pan. Keep hot and crisp in 250° oven. Melt butter and grated cheese and add salt. Pour mixture over corn. Stir until every kernel is cheese flavored.

BAKED CARAMEL CORN
6 quarts popped corn
1 cup butter or margarine
2 cups firmly packed brown sugar
½ cup light or dark corn syrup
1 tsp. salt
½ tsp baking soda
1 tsp. vanilla

Melt butter; stir in brown sugar, corn syrup and salt. Bring to boil stirring constantly; boil without stirring five minutes. Remove from heat; stir in soda and vanilla. Gradually pour over popped corn, mixing well. Turn into 2 large shallow baking or roasting pans. Bake in 250° oven one hour, stirring every 15 minutes. Remove from oven; cool completely. Break apart and store in tightly covered container. Makes about five quarts.

The Committee to Elect Lucille Moore, P.O. Box 699, El Cajon, CA 92022

We need a supervisor who will fight for our rights– not just fight.

While our children, our communities, our problems and our taxes are growing the County politicians are wasting time.

The time they waste is time we pay for.

It's time to solve today's problems and to plan for the future. It's time someone cared enough about people to realize we can't afford the cost of inflated egos and inflated government.

We deserve leaders who will face each problem on its own merits, rather than bartering it in the political buddy system.

Local property owners have had to pay more taxes to compensate for inflation and California's state assessment policies. It's time you had a supervisor who will work to shift that unfair burden.

Lucille Moore is a sensible, dignified leader. Her 16 years of responsible commitment to solving East County's tough problems proves it.

"If your first call to the County fails to get a satisfactory answer, your second call should be to your supervisor. Efficient and courteous response to your needs must begin at the top."

Soviet All-Star Hockey Team Here Jan. 6

San Diego Mariner hockey fans will be able to see a match with an all-star Russian team January 6 at the Sports Arena.

It's part of an 8-game Soviet tour involving teams from both countries and from Czechoslovakia.

Ticket prices and opening sale date will be announced with season ticket holders getting priority, according to Ballard Smith, Mariner GM.

A WHA Canadian-based team will go to Moscow to compete in the famed Izvestia (newspaper) tourney December 16-22.

In 1974 USSR played an all-star Canadian team but this will be the first involving WHA, USSR and the Czechs.

The games call for two game changes at the Arena. Quebec will play the December 19 game on March 16 and Birmingham moves its January 6 game to the 16th.

The Mariners, now on the road, return home for games on Saturday and Sunday November 6 and 7.

HOOPSTRESSES — Girls' basketball league takes shape with Spring Valley Youth Basketball registration starting Saturday, 2-7 p.m. at Mt. Miguel gym. Fee is $2 which pays for insurance. A parent must accompany the applicant.
The league is open to girls 5-12 grades. "A" League is for grades 9-11. "B" League, 5-8. Registration may be made on November 6 and 13, too.

TAKE FIVE

By John E. Wirges

The San Diego Chargers, God bless 'em, are fun to watch again. Pound for pound they have more daring-do and razzle-dazzle in their makeup than most any other bunch of cutups in Pete Rozelle's circus.

Tommy Prothro's troops win more often than they lose this year, which is unique in itself after the last half dozen campaigns. And, more to the point, Prothro's pachyderms are worthy of watching even when they lose.

Except for the mugging they got at Denver, Tommy's toilers have been in one shot scoring distance of winning each of the games logged against them. They walloped the tar out of a couple of pretty fair clubs and stiffed a tough Houston crew that purports to be a contender in the American Conference Central Division.

The chance of success accompanying each snap of the Charger brigade rekindles the flame of loyalty within the breast of fallen-away ticket buyers, bringing them back to the fold in great multitude.

Being a Charger fan is once again the thing it used to be. It's popular. It has honor. It is acceptable as a preoccupation among attorneys, teachers, garage mechanics, judges, students, clerks, cops and car-hops.

And once again pretty young things shiver and shake as they look lovingly at the bulging muscles of this or that member of Prothro's pack.

"Pro (the official program of the National Football League) ought to tell if a prayer is single or married," lamented one pretty young thing during a recent home contest. "That's just as important to me as his height, or weight, or experience. A girl can't be too careful, you know."

Unfortunately for her, there is a report the Players Assn. has petitioned Lord High Commissioner Pete Rozelle to maintain the confidentiality of such information. The players maintain that in-depth scouting is an essential and historic part of the game, both on and off the field of play.

One wonders what it is with females of the weaker sex that makes 'em so inquisitive of the private lives of football persons.

Even married ladies succumb to such a temptation. Heaven help us.

Oh, they disguise their interest with numerous maternal bleatings, but deep down among the rocks and shoals of life, down where women pit themselves in endless aggression against their better halves, they care.

Dan Fouts is a case in point. Tall, handsome, talented and with the good judgment to practice sportscasting against the day when he'll have to work for a living, Fouts brings out the beast in womenfolk.

"Oh, I'll bet his wife is proud of him," hedged my Missus watching Dandy Dan in living color on our fading RCA living room fixture.

"Dan's not married," I mumbled. Smart fellow that he is.

"Well, I'll bet he has lots of girl friends," she challenged.

"I wouldn't be surprised."

"How old is he," she demanded as the Chargers punted.

"Who?" I wondered.

"The fellow with the beard. The one that throws the ball," she said.

"Fouts? Dan? I don't know. About 25, I guess."

"He ought to be married," she reasoned. "He can afford a wife."

After a certain number of years one learns not to pursue such a dialogue with one's wife. You can't win and you can lose a helluva lot.

"What's the name of that one you covered in high school? The one you like so much. Is he married?"

"McDonald. Dwight McDonald. Played for Birt Slater at Kearny. Great hands. Super guy. And no, he hasn't made that mistake," I laughed.

She lost her cool and walked out on the telecast. "The bathroom faucet is still dripping. You promised you'd fix it this weekend."

What a thing to remember during a football game. A dripping faucet.

"All you do is sit around watching a bunch of dumb players who don't know enough to get married when they can afford to," she added.

"Louis Kelcher is married," I called. "He's young and he's married."

"Which one is he?"she asked coming back into the room.

"He plays left mountain on the defense. Number 74."

"His wife really ought to get busy on those single players," she said settling down to watch the game with renewed interest. "I just knew there had to be some decent men on that team."

Everybody to their own bowl of rice. The Chargers are fun to watch agian, even for those with a strange set of values.

Football players, no matter their faults, seem to have universal appeal. They can even delay the fixing of a dripping faucet.

Ailing Aztec Gridders Face Test in Sun Bowl

A battered group of S.D. State Aztec football players take to the road this week to keep a 7:30 p.m. date Saturday with Texas (El Paso) in the Sun Bowl.

The Aztecs, who ran their record to 5-1 last week with a 27-14 win over Fullerton State, have had a terrible run of injuries and were forced to play the Fullerton game with seven regulars on the sideline.

Players who missed all or part of the game are quarterback Pete Tereschuk (bad arm), tight end Bill Helms (concussion), tailback David Turner (groin pull), tailback Ollie Brown (hamstring tear), nose tackle Ed Imo (ankle sprain), defensive end Donny Holmes (shoulder separation), and corner Herman Edwards (ankle sprain).

All are expected back for El Paso, however, except Tereschuk, Turner and Brown. Tereschuk underwent surgery Tuesday for a blood clot just under his right arm and is lost for the season, Brown is lost for at least two weeks with the hamstring tear, while Turner's status remains questionable.

If Turner, the nation's No. 5 rusher, is unable to play against El Paso, the Aztecs would open with freshman Charlie Crews at tailback. Crews had 71 yards on 21 carries against Fullerton State.

El Paso starts a field of Smith at quarterback, Ray Holt at tailback and Robert Elliott at fullback. Smith was hit on 14 of 45 passes for 195 yards and been intercepted five times. Elliott is the team's top rusher with 447 yards while Holt has 250 yards.

'Tots' Toys' Grid Game Scheduled

"Toys for Tots" football game, sponsored by Leatherneck Charities, will be at Aztec Bowl Saturday, November 13 at 1 p.m.

Grossmont will meet Mesa college in the charity fray.

Leatherneck Charities is an organization of the American Legion Post 753, North Island, and the Marine Corps League of Oceanside.

Pre-game activities get underway at 12:30 p.m. with the former Lawrence Welk Champagne lady, Roberta Lynn, leading the National Anthem. The Grossmont College Band, the La Mesa Sparklettes, the Marine Corps Band and the Tuba Band will add to the entertainment. The KGB Chicken will flap around during the game.

Tickets at $2—for charity.

Chargers in Pittsburgh For Possible Massacre

The Chargers are 4 and 3.

That's not bad when you compare last year's total at the end of seven encounters. It was 0-7.

The immediate future doesn't look promising though. Sunday, at 10 a.m., San Diego time, the Chargers tie up with the Pittsburgh Steelers.

The Steelers are furious. They lost their first five games and are raging back. The Bengals were whipped 23-6 and the Giants were swamped 27-0. The Steelers are not to be messed with in their present ugly mood.

Coach Chuck Noll's team has not allowed a touchdown in its last nine quarters. The Steelers have made five quarterback sacks in each of the last two games after posting only six the first five games. They will be at full strength Sunday with the return of injured starters quarterback Terry Bradshaw, tackle Gordon Gravelle, defensive end Dwight White and linebacker Andy Russell.

San Diego's hopes rest on its ability to play well against strong opposition as evidenced by victories over St. Louis (43-24) and Houston (30-27). The Chargers are coming off a 21-17 loss to the Browns at Cleveland. The Browns split with the Steelers this year, winning 18-16 after losing 31-14.

Sunday's game will be televised on KGTV 10. There's a growing tendency among fans to keep the picture on 10 and hear the plays by Hope Hines of KSDO.

This will be the third week in a row San Diego will face a team coached by one of its former assistant coaches. Following meetings with Bum Phillips of Houston and Forrest Gregg of Cleveland, the Chargers Sunday face Pittsburgh's Chuck Noll, who was their defensive coach from 1960 through 1965. During that span San Diego won five American League division titles and one championship.

The Chargers return to San Diego Stadium against Bert Jones and the Baltimore Colts on November 7, at 1 p.m. Tickets are on sale at Stadium Gate E

Griffin Gridders Host Fullerton

Coach Dave Jordan's Grossmont College football team heads into the meat part of its 1976 schedule beginning Saturday afternoon in Aztec Bowl at 2 when Fullerton College comes to town. Last week he drew a bye.

Fullerton, rated as the toughest team in the South Coast Conference, comes to Aztec Bowl fresh off a 30-0 victory over defending National Junior College champion Orange Coast.

The Hornets are 2-1 in SCC play and 5-2 versus all-comers. Grossmont is 1-1 and 4-2.

Grossmont and Fullerton have met on the football field five times. The Hornets have won four of those contests, including the 1975 affair, 36-14, in Anaheim Stadium.

That loss was the most one-sided setback a Jordan-coached team has suffered since the veteran coach arrived at the Fletcher Hills campus in 1971.

In addition, Fullerton boasts two of the finest running backs in the seven-team conference. Sophomore Monty Bullerdick is the No. 1 rusher in Fullerton history, while freshman Mike Charles holds the SCC single-game rushing record of 260 yards on 35 carries, which he established two weeks ago against Cerritos.

Toreros Host Diablos

An improved Cal State L.A. football team invades USD Stadium Saturday, for a 1 p.m. contest against the host Toreros. USD (0-5-1) has a 1-2 series record against the Diablos. The last time these two teams met was 1974 in Los Angeles, a game CSLA won 36-10.

Letters To The Editor

Switcheroo Charged

Dear Editor:

This is an Open Letter to the Indian Community at Santa Ysabel:

You may find it interesting that Lucille Moore, a candidate in the Second Supervisorial District, purports to have a background of "people programs". This is the same Lucille Moore, who as President of the La Mesa Women's Club Juniors, changed our long-time philanthropy, which was to raise funds to benefit your causes.

Mrs. Moore shifted the Club's support because of her disagreement with your religious and moral beliefs. It ill becomes her now to proclaim herself as champion of any Indian Community, when her actions in the past have been contrary to your best interests.

Those of us, who were astounded at her ability to manipulate our members, hope you will join us in voting for Walt Kenrick for Supervisor, Tuesday. He is an honest and consistent man, who wants to represent all of the people of the Second District.

Sincerely,
Mary Ann Faulwetter

Gagging Maggots

Dear Editor:

Some things would gag a maggot. Here is a clipping from today's (October 21) issue of the front page of the San Diego Daily Transcript.

"GAY POWER DEPARTMENT.: Yesterday's WALL STREET JOURNAL story about politicians seeking out the gay vote appears to have some local application.

"The San Diego Democratic Club has bought an ad in the latest issue of the SAN DIEGO SON, a biweekly gay magazine published in Santee, to promote a benefit party Monday evening at the Ball Express for supervisorial candidates Jack Walsh, Lucille Moore and Roger Hedgecock, featuring female 'impressionist' Daphine Davis. And among ads for metal-studded jockstraps and gay bars, is a half-pager for Hedgecock placed by his campaign committee.

"The JOURNAL story, incidentally, quoted Assemblyman Larry Kapiloff, D-San Diego as saying: 'I don't think the overwhelming majority of people today really care what a person does in the privacy of his bedroom.'

"Kapiloff was described in the article as 'a legislator who has actively sought homosexual support during campaigns'."

A. S., Spring Valley

Urges 'Yes' on AA

Dear Editor:

What makes headlines isn't always the most important news. Sometimes it's the less conspicuous issue that has the greatest impact, for example, Proposition AA which follows on the ballot's 15 state and 7 County ballot propositions.

History will record the election of Carter or Ford as a matter of fact. But whether there will be neighborhood parks to which a harried mother can take a toddler, or youngsters can run off excess energy, or persons too old to drive can sit and watch, may depend on whether Proposition AA passes.

It is true that a "yes" vote will increase the tax bill by a few dollars. However, this increase can generate additional funds through grants-in-aid matching funds which become available when an assessment district exists.

On November 2, vote — vote for the candidates of your choice and vote for Proposition AA. It is an important measure which will benefit us here at home, now, and in the future.

Sincerely,
Maria M. Reeder

Double Dealers

Dear Editor:

I never cease to be amazed at the crazy, mixed-up sense of values our neo-professional politicians have toward business and all that is connected with business, viz: both Jack Walsh and Lucille Moore, candidates for the Board of Supervisors from District 1 and 2 respectively, are truly identified by the plethora of signs both are using in their districts.

Ironically, both Walsh and Moore are prominently on record as being against signs. Period!

Scout Earns Award For Conservation

James Parker, a Scout in Troop 351 of Spring Valley, sponsored by the Highlands Elementary School PTA, has earned the new World Conservation Award.

The award is made by the World Wildlife Fund of Washington D.C. through the Boy Scouts of America and recognizes achievement in environmental improvement, natural resources conservation and an understanding of world conservation problems.

The purpose of the award is to point out to young people that countries of the world are closely interrelated through natural resources and to emphasize the country's interdependence with the world environment.

Parker earned conservation and environmental skill awards and merit badges in environmental science, soil and water conservation, fish and wildlife management and citizenship in the world to earn his World Conservation award.

He is the son of Donald and Patricia Parker, 3458 Ybarra rd., Spring Valley.

Puppet Lady Gets Five Year Pin from SD City Police

The Puppet Lady's police puppet was honored yesterday by the San Diego City police department.

In appreciation of her efforts in supporting local police, San Diego's "official" puppet lady, Marie Mitchcock, a Spring Valley resident, was awarded a five-year service pin by the San Diego police Department Wednesday at the Lymon Gage Elementary School in the Lake Murray area.

The presentation was made to one of her most popular puppets, Sergeant Friendly, the uniformed police puppet who made his debut five years ago in the same school. Since then, Sergeant Friendly has appeared before 250,000 children throughout the county.

Sgt. Friendly returned to the school yesterday and was honored by the pin presentation by S.D. Police Chief Bill Kolender represented by Traffic Lieutenant Eric Enell.

"Most children seem to realize that police have a tough enough job to do and need understanding and cooperation from the public to do it well," said Mrs. Hitchcock. "Sergeant Friendly helps bridge the gap between children and the uniformed police officer."

'Add 2 Cups of Sugar...'

If someone tells Lance B. Neal he is driving a sweet-running auto, he grimaces.

While he was involved in routine activities about his residence at 2027 Terracina circle, Spring Valley, on September 26, someone dumped sugar into the gasoline tank of his vehicle, he told sheriff's deputies.

The car was parked in his driveway.

The cost of cleanup was not available.

Our Men In The Armed Forces

Sgt. Charles Nichols

Sergeant Charles L. Nichols, whose mother is Mrs. Dolores R. Nichols of 714 Ramona st., Spring Valley, recently took part in a North Atlantic Treaty Organization (NATO) training exercise held in central Europe.

Sergeant Nichols, a weapons mechanic at George AFB, California, with the 35th Tactical Fighter Wing, deployed with element of his unit to Spangdahlem AFB, Germany, for the month-long maneuvers.

The exercise tested the capabilities of NATO-committed Army and Air Force units under simulated combat conditions.

The sergeant graduated from high school in 1972.

Utilitiesman Ramon Barron

Navy Utilitiesman Second Class Ramon H. Barron, whose wife Virginia is the daughter of Mr. and Mrs. Fidel G. Avilucea of 2823 Nichals st., Lemon Grove is participating in "Operation Deep Freeze" with the Naval Support Force, Antarctica (NSFA).

He is one of nearly 200 Navy personnel spending nine months assisting civilian scientists at the bottom of the world. This marks the 22nd year the Navy has supported the U.S. Anarctic Research Program conducted by the National Science Foundation.

The Navy unit will maintain McMurdo Station, the main support base on the ice. The force provides housing and meals, medical facilities, communications, weather forecasting, transportation, and even a chapel, radio station and newspaper for the scientists and support personnel.

This year's major scientific project is the physical, chemical and biological study of the Ross Ice Shelf.

Joining the scientists and support personnel will be two Coast Guard icebreakers, Navy Antarctic Development Squadron Six, U.S. Air Force transport planes, cargo and fuel ships from the Navy's Military Sealift Command, and units of the Royal New Zealand Army and Air Force.

The combined forces, designated Task Force 199, will be under the command of Capt. Claude H. Hordhill, USN; a veteran of three prior "Deep Freeze" deployments. Operations at McMurdo will continue until mid-February when the Antarctic winter begins and temperatures plummet to below-100 degrees. About 60 Navy personnel and a smaller number of civilian scientists and support personnel will "winter over" at McMurdo.

A 1962 graduate of North High School, Des Moines, Iowa, he joined the Navy in August 1962.

Airman John Franke

Airman John D. Franke, son of Mr. and Mrs. Robert Franke of 4017 Conrad dr., Spring Valley, has been selected for technical training at Chanute AFB,

Airman John Franke

Illinois, in the Air Force avionics systems field.

The airman recently completed basic training at Lackland AFB, Texas, and studied the Air Force mission, organization and customs and received special instructions in human relations.

Airman Franke, a 1972 graduate of Herbert Hoover High School, attended Grossmont College.

Airman M. Chiara

Airman Michael A. Chiara, son of Mr. and Mrs. Michael E. Chiara of 251 Paden dr., Spring Valley, has been selected for technical training at Chanute AFB, Ill., in the Air Force fabric, leather and rubber field.

The airman recently completed basic training at Lackland AFB, Texas, studied the Air Force mission, organization and customs and received special instruction in human relations.

Airman Chiara is a 1975 graduate of Monte Vista High School.

Airman Joseph Irwin

Airman Joseph T. Irwin, son of Mr. and Mrs. John N. Irwin of 4044 N. Bonita st., Spring Valley, has graduated at Lowry AFB, Colo., from the U.S. Air Force technical training course for aircraft electronic systems equipment repairmen.

Airman Irwin, now trained to install and maintain special airborne electronic equipment, is being assigned to Shaw AFB, South Carolina, for duty with a unit of the Tactical Air Command. Completion of the course enables the airman to receive academic credits through the Community College of the Air Force.

A 1972 graduate of Monte Vista High, he received an A.A. degree in 1974 from Grossmont College.

Federal Parking Nicety is Rip-off

An official nicety appeared to have been added by the U.S. Government for tour guests of its newest facility.

A tall, nice-looking young man with an official-looking clipboard collected $1.25 from each motorist attending one of a series of Open House parties during opening days of the new Federal Court House on Front st. in San Diego. He said he was taking the place of those metal boxes which say "Pay Here."

At one of the ceremonies was Mary Lou Brumbaugh, wife of Lemon Grove's noted physician-surgeon.

Mrs. Brumbaugh, together with a half-a-hundred-or-so other women guests returned to their vehicles only to find them ticketed by Ace Auto Parks for failure to pay.

The enterprising young "businessman" had collected the fee from a most unlikely group. The group was wives of judges, doctors, lawyers and dentists. Professional families, all.

A few nights later when U.S. Attorney Terry Knoepp held an "Open House" on the fifth floor of the Federal Court House, a news reporter noted that the description of the rip-off artist fitted Knoepp.

"Not me," quipped Knoepp, "I charge only a dollar."

Good energy saving ideas are worth repeating.

Write us yours.

Last summer, an SDG&E customer wrote a letter about how she cut her utility bill by more than half. The letter was first printed in the San Diego Union. We've repeated it here for you because it's full of money and energy saving ideas. Ideas that really work.

If you have a similar story, we'd like to hear from you. Write us your ideas. Tell us what you did to save gas or electricity and what the results were. The best ideas we'd like to repeat for all of our customers.

Write to SDG&E, Energy Ideas, P.O. Box 1831, San Diego, California, 92112.

SAN DIEGO GAS & ELECTRIC COMPANY SDG&E

EDITOR, The Union:

I have come to realize my own habits and actions are very much involved when it comes to my own cost of living. One day, I opened my utility bill and found I had used $45 worth of electricity for the previous month. I was convinced the San Diego Gas & Electric Co. had made a mistake; certainly I could not be responsible for such a ridiculously high bill. I called SDG&E and they sent someone out to check my meter, following up with a letter explaining there was nothing mechanically wrong.

I decided to analyze the situation. I had averaged a $24 utility bill the previous year — why did it go so high, so suddenly? I decided to experiment. I have an all-electric condominium with radiant ceiling heating. I turned the dials off, including the main switch. I replaced light bulbs; unscrewed bulbs which were strictly decorative and became very aware of lights being turned off, when room was unoccupied. The single most beneficial change was turning the heat off. I work all day so it was senseless to have the heat going all day. I wore sweaters and robes and wrapped up in a blanket, if it was extra chilly. It was cooler but neither myself nor my daughters suffered any ill-effects.

The outcome of this experiment was impressive. My next bill read $18.85. I knew the first month would show a drop, but never thought it would drop so drastically. From then it was downward, with the following few months reading $14.03, $12.86, $11.91 and so on. I have averaged $12 a month since that time. My April bill was lower yet, at $10.90. This means I am averaging less than half of my previous average before the $45 bill.

Frig Firm Victimized

A thief got into the storage building at Roland's Refrigeration, 3701 Bancroft st., Spring Valley, on September 25 and made off with $800 worth of equipment and material.

Two gas tanks with 50 feet of hose; a roll of copper tubing and a 100 ft. power cord were among the missing items reported Earl Roland, owner of the firm.

The place was closed for the night when the burglary was committed.

Weather is Hot Item On PacTel Switchboard

If you think the weather is not all that important a news item to San Diegans, then try this figure on for size: 600,000.

That's how many calls are made a year from San Diego County telephones to 289-1212, the weather information number.

To say nothing of anywhere from 50 to 400 calls a day handled by the U. S. Weather Bureau in San Diego from people who want more information than that carried on recorded messages.

Or, for that matter, the untold thousands who study detailed weather reports in daily newspapers, listen to the forecasts on radio or view them on television sets.

In that temps vary relatively little in the county, you have to wonder who is making all those calls to the weather information number or to the U. S. Weather Bureau.

Little does one doubt that those who dial the number are seeking general information on local weather conditions since recorded messages carry just that — current temperature, barometric pressure, relative humidity, surf conditions and predicted temperatures for San Diego County as well as less detailed information for Palm Springs, the Salton Sea and lower Colorado River Valleys.

On the other hand, when people want more details, they turn to one of two other sources: The Weather Bureau or the special VHF radio frequency (162.40 MH) which provides weather news on a 24-hour, continually updated basis.

Calls fielded by the Weather Bureau generally reflect seasonal interests, according to Helen Speratos, local manager of Pacific Telephone.

In summer months, calls frequently come from campers seeking information on conditions in mountains outside the county or from out-of-state visitors wanting to know "when we're going to get some sun."

Or in the fall, when Santa Ana winds bring smog to the area, questions often center on air pollution.

When rains strike, whatever the time of year, the Weather Bureau may handle as many as 400 calls a days from people wanting to know rainfall totals, where it's raining or when it's going to stop.

It was the growing number of calls to the Weather Bureau that prompted PacTel to provide a recorded message in the first place.

As a way of helping out, the message was introduced in San Diego nine years ago and since that time, the number of calls has grown about five per cent annually.

At first, weather service messages were recorded by long distance operators in a San Diego office, using information teletyped from the local Weather Bureau.

But about two years ago, the phone company shifted its recording operation to KFMB Radio, where professional announcers change the message five times a day; more often if there are violent turns in the weather.

The switching was made to free operators for regular duties and to upgrade the voice quality of recordings, Speratos said.

Generally, the arrangement has worked well, she says, although at first, some people called to complain that "they missed the operators' voices."

While the phone company has continued to offer standard messages in San Diego, Los Angeles and San Francisco over the years, they added a new wrinkle when the system was expanded to include Fresno last month.

There the weather is sponsored by a savings and loan institution, which plugs its services at the beginning of the recording.

The phone company has no plans to seek a sponsor for San Diego weather messages, according to the local manager.

The whole subject of public service announcements, such as time and weather, is being studied by PacTel and the Fresno results will be factored into the study.

'Con' Card Game Back – Cleveland

Three-card Monte, a gambling "con" game that swept the West in the mid 1800's, is making a reappearance in San Diego County, Sergeant Fred Cleveland of the Sheriff's vice detail said this week.

He said several arrests have been made recently, with most of the victims being servicemen.

"It's like the old shell game which uses three shells and a pea with the victim attempting to guess which shell hides the pea. Instead of shells, the Monte operator uses three playing cards, usually two black and one red.

"The operator usually shuffles the three cards around in a folded newspaper and gets the sucker to bet he can identify the red card. By skillfully palming the card and substituting all black ones, the better has no chance to win," Cleveland said.

The sergeant pointed out that "winners" are actually partners of the operator who appear to win as an enticement for the "sucker" to place a large bet. Sometimes the "sucker" is allowed to win small bets as an inducement to raise his bet. Then he loses.

"The game is such a fraud that it is specifically prohibited by the California Penal Code," Cleveland said.

Favorite sites for the illegal games are on busses, trains, in depot restrooms, around carnivals and fairs, "anywhere large crowds gather who might have a tendency to gamble," Sgt. Cleveland said.

Money for Crime Victims

A citizen or his dependent may be eligible for reimbursement of up to $23,000 for financial hardship due to medical expenses and loss of wages or support suffered as a result of crimes of violence under California law.

The San Diego City Community Relations Department, in cooperation with the city's police department, provides application forms and information on the program, as well as assistance in submitting claims.

The number is 239-9341.

State Tax Relief Costs Equal $1.35 Tax Rate

State Controller Kenneth Cory said property tax relief payments out of the State Treasury now exceed what could be produced by applying a local property tax rate of $1.35 per $100 of assessed value throughout the state.

"State property tax relief payments to local governments and individuals during 1975-76 exceeded $1.3 billion," Cory said, "Over $1.1 billion of that was in reimbursements for exemptions from local property taxes, and is about the amount that could be raised by applying a tax rate of $1.35 to the state's total assessed value for 1975-76."

Cory said the record $1.3 billion total was a growth of more than $138 million or 11.8 per cent for property tax relief in one year.

"Property tax relief expenditures by the State have increased seven-fold since their inception seven years ago," Cory said. "New programs legislated to begin in 1975-76 added $1.8 million and the Legislature has made changes in some of the programs for 1976-77 which will add an estimated $1 million.

"With property tax bills throughout the state increasing as property values continue to skyrocket because of inflation and other economic factors, it is difficult to imagine what the level of local property taxes would be without these programs.

"At the same time, the continuing growth of both property taxes and property tax relief emphasizes the great burden placed on property values as the basis for financing public affairs.

"Undoubtedly this will result in increased public demand for further property tax relief and a continued search by the Legislature for tax reform methods to provide such relief."

Homeowners and residential renters continue to be the principal beneficiaries of the various programs, accounting for a total of over $922.6 million. Reimbursements to counties to cover tax losses due to the Homeowners Property Tax Exemption exceeded $756.4 million this year.

Taxpayers received direct payment of over $51.1 million for Senior Citizens Property Tax Assistance. Residential renters received either refunds or credits on their State income tax totaling over $115 million.

Shocks Removed

David Kenneth Lowry of 1541 Folkstone pl., Spring Valley reported that the rear shocks of his 1972 Suzuki motorcycle had been taken while he was at work. The loss, he said, occurred at 9366 Jamacha blvd., Spring Valley.

He gave sheriff's deputies the names of two suspects.

P.O. Local Slaps Supervisors on Campaign Charge

The furor over Probation Officers' Local 2702 becoming actively involved in campaigns for County Supervisor has become a hot issue in District 2.

The Board of Supervisors ordered Deputy County Counsel William Schwartz to file suit against the Local when District Attorney Ed Miller reported that his investigation of the Local's political activity uncovered nothing illegal.

The District Attorney's office had responded to a complaint by Dist. 2 candidate Lucille Moore that the Probation Officers were in violation of the County Campaign Law. Moore's opponent, Walt Kenrick, has been supported by Local 2702 in independent political action permitted under the County Election Ordinance, according to Don Reeves, president of the Local.

"I am astonished at the Board of Supervisors' blatant intervention into the campaign. There is no reason for the Board to use the courts as a weapon to bully Union members in the exercise of their constitutional right to choose and support candidates of their choice."

Reeves emphasized that every precaution was taken by the Union to assure that the legal and ethical standards of the County Election Ordinance were observed.

He said that the DA's investigation conclusively proved that the Union was not in violation of any law and was an affirmation of the propriety of Local 2702.

"The Board would not accept it," said Reeves, "because it was not what they wanted to hear."

Amtrak Rail Travel Jumps 67 Per Cent

Senate President Pro Tempore James R. Mills, a public transportation enthusiast, said that Amtrak passenger figures show that "patronage has spurted significantly" since the state-financed Caltrak San Diegan went into service last month.

"It underscores the soundness of the state decision to help finance the new service," said Senator Mills, author of enabled legislation for the Caltrack San Diegan.

"Total revenue passengers carried in September was 39,896 compared to 24,093 last year, an increase of 67 per cent.

"The increase is attributed to two major factors . . . all new Amfleet equipment on the route and addition, on September 1, of the "Caltrak San Diegan," a fourth daily round trip between Los Angeles and San Diego . . ."

SV Student Awarded Engineer's Scholarship

Jim Preston of Spring Valley was one of four Grossmont College students who received $100 scholarships recently.

The scholarships were presented by the San Diego Chapter 44 of the Society of Manufacturing Engineers.

Preston and three other recipients are majoring in Industrial technology, a new two-year program at the college.

Industrial tech. instructor Don Ferris said the renewable scholarship provides $50 a semester to each of the four students.

"Nearly all units earned in the new program are transferable to California Polytechnic State University at San Luis Obispo. Job placement is extremely high for individuals with a baccalaureate degree in Industrial Technology," Ferris said.

Ring's Replaced Stone Said Fake

A carefully contrived jewel theft, the like of which Interpol should be handling, was reported by Wendy Elizabeth Richard, of 2017 Madera st., Lemon Grove.

She told sheriff's deputies that someone had removed a diamond from the ring she kept in her jewel box and replaced it with a worthless stone.

The loss, she reported, took place between October 9-12 while she was away.

Police reported that the ring's prongs were bent indicating a non-professional had removed the stone.

Richard listed her occupation as a laborer.

Prop. 14 Abridges Property Rights, Says Small Farm Leader

Harry Kubo, president of the "No on 14" effort, has joined several state legislators in demanding the state attorney general investigate the attempt to intimidate supporters of "No. on 14."

Marshal Ganz of the United Farm Workers, who is the campaign director for Proposition 14, has warned contributors to "No on 14" that their farms will be targeted for organizing activities. His statement appears in the September 17th edition of "El Malcriado," the UFW publication.

Assemblyman Gordon Duffy (R-Hanford) has demanded that Cesar Chavez fire Ganz or let it be assumed he supports the intimidation.

Violates Civil Rights

In similar statements, which also demand an investigation by the state attorney general, Assembly Minority Leader Paul Priolo and Assemblyman Ernest Mobley both attacked Ganz for his apparent attempt to violate the civil rights of the small farmer.

"Assemblyman Duffy is right when he says Ganz' threats are an effort to frighten the small family farmer to prevent him from trying to protect his private property rights by helping to defeat 14," said Kubo.

"Here is Chavez saying all he wants to do is assure free elections for his workers," added Kubo, "yet he's trying to deny the small family farmer the right to participate in free elections."

According to Kubo, Ganz in El Malcriado said: "We want to send letters to the grower contributors saying 'We're targeting your farm for organizing activities. Thanks for giving us your address'."

Granz said the "No on 14" committee's financial statement filed with the state and containing names and addresses of contributors would help the UFW.

Dog School Fall Sessions Starting Soon

Registration starts Monday for the fall session of obedience training classes at the San Diego County Humane Society. Starting dates for the classes are November 9, 10, and 11.

Dogs must be over four months old with proof of rabies, distemper and leptospirosis shots. Cost is $20.

Afternoon and evening classes begin during the week of November 7.

Owners are taught to train their dogs the five basic commands: Come, sit, stay, down and heel.

Graduation ceremonies are held at the close of classes.

Gridders Star in September HoC

Football provided the area's two standout athletes during September, and as a result the Chargers' Dan Fouts and S.D. State's David "Deacon" Turner have earned Star of the Month honors from the San Diego Hall of Champions Breitbard Awards Committee.

Fouts topped the professional division on the basis of his best month since coming out of U. of Oregon to join the Chargers in 1973. His finest showing came during the team's 43-24 defeat of St. Louis when he passed for 259 yards and four touchdowns, two more than he registered during the entire 1975 campaign.

In September he led all National Football League quarter backs, gaining a 124.0 rating with 46 completions in 69 attempts for 618 yards and six touchdowns without an interception.

Turner got the nod among the amateurs by rolling up 534 yards to figure prominently in the Aztecs' first three victories. He also tossed a fourth-down pass to set up San Diego's winning touchdown over Fresno State. The hard-running transfer from Bakersfield JC now is taking aim on Jim Allison's all-time State yardage record of 1,186 yards for a single season.

Two other Chargers were granted certificates of Achievement, Doug Wilkerson being singled out for his work as an offensive lineman, and Louis Kelcher drawing similar recognition for his consistency on defense.

Doubleheader Set For Gardena Track

GARDENA — The attempt of Jimmy Oskie of Downey to keep his precarious hold on first place in the California Racing Assn.'s sprint-car standings spices the season's second sprint-midget doubleheader at J. C. Agajanian's Ascot Saturday at 8 p.m.

Oskie, CRA's 1969 and 1973 champion, holds a 30-point margin over Dean Thompson of Redondo Beach with only this week's main event and the twin 50-lap Grand Prix on November 6 left on the schedule. However, with any kind of mechanical problem for Oskie, not only Thompson, but Rick Goudy of Cerritos and Mike Shaw of Northridge would still have a crack at him in the long finale.

In this Saturday's format, both the sprints and U.S. Racing Club midgets will race 30-lap features. Roy Cook, Jr., of Anaheim has clinched the USRC point crown, but attempts at double victories in the two types of cars.

Friday night is Ascot's first half-mile race for speedway motorcycles in two years.

State Treasury Shares Public's Bill Paying Woe

The 9-to-5-er's lament about running a little short til payday is now apparently shared by none other than California's state treasury.

Cash flow problems are a threat to stability of the State General Fund despite the record cash balance of $864.3 million which the fund recorded on June 30, State Comptroller Kenneth Cory said recently in issuing his Preliminary Annual Report for 1975-76.

"The record balance correctly reflects the current good health of the General Fund," Cory said, "but a review of the past year shows cash flow trends developing which could bring back "cash-shortage days" that preceded the enactment of state income tax withholding in 1971."

Cory said that during eight of the 12 months the cumulative flow of cash receipts into the General Fund was exceeded by the cumulative cash disbursements.

"If we had not started the year with a balance of $614.5 million we would have been forced into the same type of internal borrowing which became such a serious problem before withholding was enacted to correct the situation," Cory said.

"It is not expected that flow of receipts always will match or exceed cash disbursements during a year, but the eight months of mismatch last year followed only four such months in the previous year and that is an ominous trend.

"As long as we have substantial cash balances to carry forward each year, these cash flow variations can be accommodated, but if the cash balance declines or if anything disrupts receipts or accelerates disbursements there is a growing potential for real problems."

Receipts for 1975-76 grew past the $9 billion mark for the first time, but the governmental cost expenditures also passed $9 billion at a faster pace, Cory said.

2,000 Members for Motor Aid CB Club

The Construction Industry Freeway Patrol HELP (Highway Emergency Locating Program) Club, now in its fourth month of operation, lists more than 2,000 members.

The Freeway Patrol HELP Club was organized in July specifically for citizen band radio operators who want to participate in an organized effort to report disabled motorists to the Freeway Patrol which is funded by the Construction Industry Advancement Fund.

A CB radio base station has been installed in the Freeway Patrol offices to monitor all incoming calls from local CB'ers and HELP Club members on emergency channel 9. Base call letters are KADO 7464. Telephone is 295-5177.

The Patrol, which has been operating for over two years in the San Diego area, is a free public service program paid for by San Diego Contractors. Since its inauguration more that 16,000 stranded motorists have been helped.

'Pumpkin Carols' To Be Sung Sun.

Getting the jump on Christmas, a group of volunteer workers for Effective Problem Intervention Center (EPIC) will go Halloween carolling Sunday night.

Members in costume will sing "Pumpkin Carols" on the doorstep of local residents, cheerfully trick-or-treating for donations of canned goods to replenish EPIC's emergency good supplies for the up-coming holiday season.

Last year EPIC collected enough food to provide meals for many needy families for the holidays. However, the emergency food program, one of many community services offered by EPIC, goes on year-round and supplies are badly needed.

Additional volunteers are wanted to join the EPIC Carollers. Those who wish to join the group or to make donation should call the group's 24-hour hotline — 464-3742

'East Meets West' Film Program to Premiere Wednesday

Grossmont College's Office of Community Education opens its series of programs titled "East Meets West" when the film, "Days and Nights in the Forest" is screened at 2 and 7 p.m. Wednesday in the College Grove Shopping Center Community Hall.

The Indian film is a lyrical romantic comedy about four young men from Calcutta driving together for a few days in the country.

The public is invited and admission is free.

Classic Radio Marathon to Spotlight Spooky Mystery on KPBS Radio

Spooky radio mystery and drama will take over KPBS-FM, 89.5, as a Halloween tribute during its marathon "Old Time Radio Weekend," October 29-31.

The highlight of the 53 continuous hours of old time radio will be from 10:30 a.m., Saturday through 12:30 a.m., Sunday when old radio thrillers will be aired over the public radio station. "Inner Sanctum," "The Shadow," "Suspense," Murder at Midnight" and a pair of Alfred Hitchcock plays — "Once Upon a Midnight" and "Malice of Forethought" — in which Hitchcock both stars and hosts, will be just a few of the shivers in store for San Diegans.

The rest of the weekend will be devoted to radio's most memorable drama, serials, westerns and comedy. Included will be "I Love a Mystery," on October 30, 4:30 p.m., in which the complete 14-part serial will be aired, and "Les Miserables," in all seven parts of the 1937 serial starring Orson Welles and the Mercury players.

Scheduled, too, is the scare classic by Orson Welles, "War of the Worlds," which threw the nation into a frenzy of fear and about which thousands of words have subsequently been written. It will be aired on Sunday at 6:15 a.m.

Also on October 31, children's comedy and adventures are scheduled from 9 a.m. to noon. Programs such as "Terry and the Pirates," "Tom Mix," "Hop Harrigan," and "The Challenge of the Yukon" are slated for airing.

The weekend will conclude at midnight, Sunday, with Bing Crosby's own farewell show.

"The "Old Time Radio Weekend" is being held to boost membership in San Diego's public broadcasting station, which is non-profit, and non-commercial, and dependent for up to 45% of its budget on local support.

The marathon weekend is a production of KPBS-FM. The programs are from the collections of Jerry Haendigas, who will be on hand as commentator. Jerry Zullo is the Executive Producer.

Complete program schedules are available by phoning KPBS-FM, at 286-6431.

Home Median Price Edges Upward in July

The median price for an existing home in California in July increased 2.7 per cent over the preceding month, and 14.3 per cent over July 1975 figures, according to the latest statistics released by the California Association of Realtors.

The median price of a single family resale home in July was $49,158, up $1283 from the June median price of $47,875.

Existing home sales in the $40,000-$49,000 range continue to outnumber those in any other $10,000 range and account for nearly one-fourth of all single family resale homes sold.

Freshmen Elect All Girls

Helix High freshmen elected all girls as their class officers this year.

Norma Jerman, president; Millie Hackworth, vice president; Linda Bonine, secretary and Susie McGowan, treasurer, are all La Mesa residents.

Their top concern for the first semester will be to raise funds for their class treasury.

Jewelry, Cash is Loot

Jewelry and cash made up the major part of the loot for the burglar who entered the residence of James Juan Behag on September 24 while he was away.

The back door was pried open to get jewelry valued at $2350; cash in two parts of the house with a total of $3,710 plus miscellaneous items such at riding boots, a saddle, jacket, radio-clock and other items.

Behag lives at 8740 Echo dr., Lemon Grove.

Key Judicial Figures To Attend Trial Lawyer Convention in SD

Three state Supreme Court justices and the president of the state Bar Assn. will participate in events at the California Trial Lawyers Association convention November 11 to 14 in San Diego.

Chief Justice Donald R. Wright and Associate Justice Raymond I. Sullivan will be honored by the CTLA during its awards luncheon Friday, November 12, at the Vacation Village Hotel on Mission Bay.

Ralph J. Gampbell, president of the California Bar Assn., will be the featured luncheon speaker at the awards session.

On Thursday Supreme Court Associate Justice Stanley Mosk will address the convention welcoming dinner hosted by the San Diego Trial Lawyers Assn.

WALT Kenrick

for SUPERVISOR•2nd DISTRICT

The 1976 primary election had a field of 21 candidates competing for nomination as supervisor of the second district. Each candidate was concerned about the sad state of representation the people of the second district had received in recent years. The voters themselves were also concerned and the final tally of votes placed Walt Kenrick solidly *first* in the field.

Since the primary election, an unprecedented show of support from 16 of the opposing candidates in the second district has been given to the candidacy of Walt Kenrick.... *16 qualified, knowledgeable and concerned former opponents have united solidly in their support for Walt Kenrick as the candidate most qualified and capable of giving the Second Supervisorial District honest and sensible representation.*

This support is your assurance that your vote for Walt Kenrick on November 2nd will restore dignity and the much needed ability for outstanding representation for *all* the citizens of the Second District.
